CAMBODIA AGRICULTURE
FORUM & EXHIBITION 2026

CAMBODIA AGRICULTURE FORUM & EXHIBITION 2026 (CAFE26)

*INVESTING IN CAMBODIA'S AGRIFOOD:
PARTNERSHIPS, VALUE ADDITION AND INNOVATION*

23 – 25 October 2026

**Diamond Island Convention and
Exhibition Center, Phnom Penh**

The Cambodia Agriculture Forum & Exhibition (CAFE) is a flagship initiative led by the Ministry of Agriculture, Forestry and Fisheries (MAFF) to promote trade, investment, and innovation in Cambodia's agrifood sector.

CAFE offers a collaborative platform that brings together stakeholders across the agricultural value chain—including farmers, processors, traders, investors, policymakers, and development partners—to connect, exchange ideas, and unlock new opportunities in agribusiness, investment, technology, innovation, and climate-smart agriculture.

CAFE25, held in November 2025, marked a milestone as the first event of its scale and scope in Cambodia's agrifood sector, featuring a two-day high-level forum alongside a four-day exhibition. Following the success of the inaugural 2025 edition, the MAFF in collaboration with key line ministries, the FAO, and development and private sector partners, will host CAFE26 from October 23rd to 25th, 2026 in Phnom Penh.

ABOUT CAFE26

 23 – 25 October 2026

 Diamond Island Convention and Exhibition Center, Phnom Penh

Two-day agriculture investment forum
23 – 24th October 2026

One-day youth innovation forum
25th October 2026

Three-day agriculture exhibition
23 – 25th October 2026

400+ booths

25,000+ visitors
5,000+ farmers expected

OBJECTIVE: Promote and strengthen the development of agrifood value chains in Cambodia

Strengthen linkages among stakeholders across the agricultural value chain to accelerate agribusiness development, investment, market access, and business partnerships.

Promote the branding, quality, and reputation of Cambodian agrifood products in domestic and international markets.

Offer a platform for policy dialogue and an enabling environment for agribusiness.

Promote technology, innovation, and climate-smart agriculture.

Cambodia's Agrifood Sector is Ready for Investment

Cambodia is an emerging player in the global agrifood system. Agriculture contributes 16% of GDP and supports more than 3.1 million jobs, while exports of rice, cashews, mangoes, cassava, and rubber continue to grow across regional and global markets. However, most exports are still traded in raw forms, reflecting limited domestic agro-processing capacity and low investment in value-added agribusiness. In 2025, agriculture and agro-industry accounted for only around 10% of private sector investment projects, highlighting significant untapped potential across agricultural value chains.

As Cambodia shifts from raw commodity exports toward domestic agro-processing and value addition, opportunities are growing in processing, storage, cold chains, logistics, agri-tech, packaging, and export-oriented manufacturing.

Access to finance also remains limited, with only around 10% of national credit directed to agriculture, creating strong demand for innovative financing, technology adoption, and strategic investment to modernize the sector.

For investors, Cambodia offers significant opportunities in:

Agro-processing and value addition

Climate-smart agriculture

Agricultural technology and digital innovation

Branding, quality, and market reputation

Export-oriented agribusiness

Supply chains and financing solutions

Cold chains and logistics

CAFE26 is where investors, agribusinesses, policymakers, innovators, and farmers come together to unlock these opportunities.

The Momentum is Already Building

EVENT FORMAT

Agriculture Investment Forum | 23-24 October 2026

A two-day high-level forum bringing together government leaders, investors, agribusiness executives, financial institutions, innovators, and development partners to explore investment opportunities across Cambodia's agrifood sector.

Key sessions will include:

- Investment-focused policy dialogue
- High-growth market opportunities
- Investment-ready agribusiness projects
- Agribusiness financing solutions
- Business pitching sessions
- Investor-business matchmaking

Youth Innovation Forum | 25 October 2026

A dynamic platform spotlighting Cambodia's next generation of agrifood entrepreneurs, startups, researchers, and innovators.

The forum will feature:

- Youth-led startup pitches
- Innovation showcases
- Dialogue with investors and policymakers
- Networking and mentorship opportunities

Agricultural Exhibition | 23–25 October 2026

A three-day exhibition showcasing Cambodia's agrifood products, advanced agricultural machinery, drones, digital technologies, processing solutions, agricultural inputs, and services.

Participants will experience:

- More than 400 exhibition booths
- Technology demonstrations
- Business networking opportunities
- Knowledge-sharing workshops
- Direct engagement with farmers, buyers, and investors

SPONSORSHIP OPPORTUNITIES

Become a Valued Sponsor of the CAFE26!

Agriculture Investment Forum and Youth Innovation Forum

Join us in advancing Cambodia's agrifood sector by supporting the Forum. Sponsors receive prominent recognition and visibility among industry leaders and stakeholders throughout the event.

Sponsor Farmer Participation

CAFE26 places farmers at the center of the event. Partners and sponsors have the opportunity to directly support farmer participation from across Cambodia.

Sponsor Package

per bus (45 farmers), including:

- Transportation
- Breakfast and lunch
- Event t-shirts
- Facilitators and coordination support

Target

CAFE26 aims to bring more than **5,000** farmers to Phnom Penh, with an estimated costs of USD 150,000

Agriculture Investment Forum

Shaping the Future of Cambodia's Agrifood Investment

23–24 October 2026

Join government leaders, investors, agribusinesses, financial institutions, development partners, farmer organizations, and innovators at Cambodia's premier platform for agricultural investment, policy dialogue, and business networking.

Over two days, the Agricultural Investment Forum will explore how Cambodia can accelerate private investment, strengthen agrifood value chains, expand market opportunities, and build a more competitive, resilient, and sustainable agrifood sector.

Key Forum Themes

Strengthening Cambodia's Agrifood Competitiveness

Explore Cambodia's vision for becoming a regional agrifood investment destination through stronger public-private collaboration, improved competitiveness, innovation, trade, and value chain development.

Unlocking Investment in Cambodia's Agrifood Sector

Learn about Cambodia's investment climate, incentives, financing mechanisms, and strategic partnerships that are creating new opportunities for domestic and international investors.

From Rice Success to Cashew and Mango Transformation

Discover how Cambodia's successful rice sector can provide practical lessons for accelerating investment, processing, value addition, and exports in the cashew and mango industries.

Agriculture Investment Forum

Shaping the Future of Cambodia's Agrifood Investment
23–24 October 2026

Building Competitive and Inclusive Value Chains

Discuss practical solutions to strengthen linkages between farmers, cooperatives, processors, exporters, financial institutions, and markets through aggregation, contract farming, and modern agricultural cooperatives.

Responding to Global Market Changes

Explore emerging trade and investment opportunities arising from changing global supply chains, regional market dynamics, sustainability standards, and evolving international regulations.

Investing in Strategic Agricultural Inputs

Examine opportunities to strengthen domestic production and diversify supply of critical agricultural inputs, improving resilience and reducing dependence on imports.

Renewable Energy for Agribusiness

Discover practical renewable energy solutions that help agribusinesses reduce production costs, improve competitiveness, and build climate resilience.

Agritech and Smart Farming Solutions

Experience the latest innovations in digital agriculture, smart technologies, mechanization, irrigation, precision farming, and climate-smart solutions that are transforming Cambodia's agrifood sector.

Agricultural Investment Forum

Shaping the Future of Cambodia's Agrifood Investment
23–24 October 2026

Business & Investment Opportunities

The forum provides practical opportunities for businesses and investors to connect, collaborate, and grow through:

- Investment promotion and policy dialogue
- Business-to-business (B2B) networking
- Business pitching by agribusinesses and farmer organizations
- Investment-ready project presentations
- Access to finance and blended finance solutions
- Partnerships with financial institutions and investors
- Modern Agricultural Cooperative (MAC) investment opportunities

Financing for Agribusiness Growth

Meet leading financial institutions and development partners presenting practical financing solutions for farmers, cooperatives, SMEs, and agribusinesses, including:

- Agricultural loans and tailored financial products
- Credit guarantee schemes
- Supply chain and input financing
- Climate finance
- Blended finance facilities
- Seed and venture financing
- Entrepreneurship support programmes

Youth Innovation Forum

Inspiring the Next Generation of Agrifood Innovators

25 October 2026

The Youth Innovation Forum is a platform connecting young entrepreneurs, innovators, researchers, students, investors, businesses, government, and development partners to shape the future of the country's agrifood systems. As a flagship programme of CAFE26, the forum celebrates youth as drivers of innovation, entrepreneurship, technology, and sustainable agriculture while creating real pathways to finance, mentorship, markets, and partnerships.

What to Expect

Inspire

Hear from Cambodia's leading entrepreneurs, innovators, and changemakers as they share their journeys, lessons learned, and vision for transforming agriculture through innovation.

Connect

Meet startups, agribusinesses, investors, incubators, universities, financial institutions, government agencies, and development partners in one dynamic networking platform designed to foster collaboration and new opportunities.

Innovate

Explore cutting-edge solutions in:

- Smart agriculture and digital technologies
- Food innovation and value addition
- Agri-tech and food-tech
- Climate-smart agriculture
- Circular economy solutions
- Agri-finance and fintech

Youth Innovation Forum

Inspiring the Next Generation of Agrifood Innovators

25 October 2026

Compete

Be part of the launch of Cambodia's National Youth Agrifood Innovation Competition, offering young innovators opportunities for mentoring, incubation, investor connections, national recognition, and the chance to showcase their innovations at CAFE27.

Showcase

Visit the Youth Innovation Zone, featuring startups, universities, innovation hubs, incubators, and technology providers demonstrating practical solutions that are transforming Cambodia's agrifood sector.

Collaborate

Participate in interactive discussions and co-creation sessions that bring together youth, businesses, policymakers, and ecosystem partners to identify solutions to real agrifood challenges and build lasting partnerships.

Who Should Attend?

- Young entrepreneurs and startups
- Students and young professionals
- Researchers and innovators
- Farmers and agricultural cooperatives
- Agribusinesses and technology providers
- Investors and financial institutions
- Universities and innovation hubs
- Government agencies
- Development partners and NGOs

Why Join?

The Youth Innovation Forum is more than a one-day event—it's a launchpad for Cambodia's next generation of agrifood leaders. Whether you're looking to develop innovative ideas, build partnerships, access finance, find mentors, discover new technologies, or expand your business network, this is where Cambodia's agrifood future comes together

Agricultural Exhibition

Experience the Future of Cambodia's Agrifood Sector
23-25 October 2026

The Agricultural Exhibition is the flagship exhibition component of the Cambodia Agriculture Forum & Exhibition 2026 (CAFE26), bringing together farmers, agribusinesses, cooperatives, investors, technology providers, financial institutions, development partners, government agencies, and international companies on one dynamic platform.

With more than 400 exhibition booths and an expected 25,000 visitors over three days, CAFE26 is Cambodia's largest agrifood exhibition, showcasing the latest innovations, technologies, products, services, and investment opportunities across the entire agrifood value chain.

Explore the Best of Cambodia's Agrifood Sector

Visitors will discover a comprehensive showcase covering every stage of the agrifood value chain, including:

Agricultural Machinery and Mechanization

Experience the latest tractors, harvesters, drones, precision farming equipment, irrigation systems, renewable energy solutions, and smart agricultural technologies designed to improve productivity and reduce production costs.

Agritech and Digital Innovation

Explore cutting-edge digital solutions, artificial intelligence, farm management platforms, IoT applications, climate information services, e-commerce platforms, fintech, and digital tools transforming modern agriculture.

Seeds, Inputs and Climate-Smart Solutions

Discover improved seed varieties, fertilizers, crop protection products, biological solutions, water-saving technologies, climate-smart production practices, and sustainable farming innovations.

Food Processing and Value Addition

Learn about modern processing technologies, packaging innovations, cold chain solutions, food safety systems, quality certification, and export-ready products that add value to Cambodia's agricultural commodities.

Agricultural Exhibition

Experience the Future of Cambodia's Agrifood Sector
23-25 October 2026

Agribusiness and Financial Services

Meet banks, microfinance institutions, insurance providers, guarantee facilities, logistics companies, exporters, buyers, and business service providers offering practical solutions to support farmers, cooperatives, and agribusinesses.

Cambodian Agrifood Products

Experience Cambodia's rich diversity of premium agricultural products, including rice, cashew, mango, pepper, vegetables, fruits, fisheries, livestock products, sustainable timber, and processed foods.

More Than an Exhibition

CAFE26 is designed to create meaningful connections between businesses, farmers, investors, and markets.

Technology Demonstrations

See live demonstrations of modern agricultural machinery, drones, smart farming technologies, irrigation systems, renewable energy applications, and innovative production techniques.

Business Matching

Connect directly with suppliers, distributors, buyers, exporters, investors, financial institutions, and government agencies through structured networking and business-to-business meetings.

Knowledge Exchange

Participate in technical presentations, product launches, demonstrations, and interactive discussions delivered by leading experts, businesses, and development partners.

A Platform for Every Stakeholder

Whether you are a farmer seeking new technologies, a startup introducing innovative solutions, an agribusiness expanding your market, or an investor exploring Cambodia's growing agrifood sector, CAFE26 offers opportunities to learn, connect, and grow.

Agricultural Exhibition

Experience the Future of Cambodia's Agrifood Sector
23-25 October 2026

Special Features of CAFE26 Exhibition

Farmer Tour Programme

Thousands of farmers from across Cambodia will be invited to visit the exhibition through an organized Farmer Tour Programme, providing exhibitors with direct access to potential customers and users of agricultural technologies and services.

Business Networking

Dedicated networking sessions will connect exhibitors with buyers, investors, government agencies, and development partners, creating opportunities for partnerships, distribution agreements, and new investments.

Product Launches and Live Demonstrations

Exhibitors will have opportunities to launch new products, demonstrate innovative technologies, and showcase practical solutions directly to farmers, agribusinesses, and commercial partners.

International Participation

CAFE26 will bring together national and international exhibitors, promoting technology transfer, international trade, regional cooperation, and new business partnerships.
